To Begin Cap: Use the Disappearing Hole Technique.

1. Start by making a loop with approximately 6 inches of yarn making a tail.
 2. Hold the loop closed with your thumb and middle finger of your left hand.
 3. Take your hook in your right hand, insert it into the center of the loop, grab the working strand of yarn, and pull it through to the front.
 4. Work one chain in the loop.
 5. In the loop, continue making the number of stitches required for the pattern.
 6. Hold onto the ring while pulling on the tail (pull firmly) to close the center hole. Begin working the pattern as direction indicate.
- (Note: If you do not pull firmly enough the hole will gradually open while your work)

This is a fabulous way to begin all your knots of Love Cap Patterns!
